OBJECTIVE

Motivated Computer Science Engineering student with a strong foundation in C, Java, Python, web technologies, and MySQL. Passionate about Artificial Intelligence, Machine Learning, and full-stack development, with a strong willingness to learn emerging technologies and contribute to innovative, real-world software solutions while continuously enhancing technical and problem-solving skills.

TECHNICAL SKILLS

- Programming Languages: C, Python, Java
- Web Technologies: HTML, CSS, JavaScript
- Database: MySQL
- Tools: Git hub, VS Code

PROJECTS

AI-Enabled Crop Disease Detection & Remediation System

- Developed a cross-platform mobile and web system for real-time crop disease diagnosis using photo, text, or voice inputs
- Implemented CNN-based vision classification (19 classes), Grad-CAM++ explainability heatmaps, and multilingual speech-to-speech support
- Built using Python (FastAPI), Flutter (Dart), MongoDB Atlas, and TensorFlow/Keras
- Enabled offline-first functionality with Hive local caching, JWT-based security session management, and on-demand PDF report generation
- https://github.com/Lalanika-reddy/Plant_disease_detection

Student Performance System

- Developed a Java-based application to manage and analyze student academic performance
- Implemented features such as total, average, grade calculation, and ranking system
- Applied **OOP concepts, arrays/Array Lists**, and sorting techniques for efficient data handling
- Integrated file handling for storing and retrieving student records

EDUCATION

B. Tech in Computer Science Engineering

Gitam school of Technology, Hyderabad

2023 —2027

Current CGPA: 7.5/10

CERTIFICATION

- NEXT WAVE - Build your own responsive website (bootstrap, flexbox)
- NEXT WAVE - Build your own dynamic website
- NEXT WAVE - Introduction to database (SQL)
- NEXT WAVE - programming Foundations
- HACKERRANK - Java

ACADAMIC PRACTICE

- Developed basic programs in C, Java(OOPs) and Python as part of lab coursework
- Created simple web pages using HTML, CSS, and JavaScript
- Practiced SQL queries including SELECT, JOIN, and functions on sample databases
